

CMPT 276

Group 6 · Meeting Minutes

THURSDAY, JULY 2ND · 5:00 – 5:30 PM

Attendance

Present: Ishaan, Cainan, Max, Travis

Absent: None

Workflow

The team decided the following:

- Recurring meetings on **Thursdays @ 5pm**
- Members prefer to work individually, and ask for help on Discord if needed
- All work will happen on separate feature branches
- Pull Requests will be made, and one other team member will look at the code before merging

Tasks for Iteration 1

- Frontend login page (**Ishaan**)
- Frontend landing page (**Ishaan**)
- UI mockup for typing interface (**Travis**)
- Basic typing interface with word and error highlighting (**Travis**)
- Protected endpoints for sign-up/login (**Cainan**)
- Frontend page for admin to view all users (**Max**)

Assignment Deliverables

- Screencast (**Max**)
- Report (**Travis**)
- Set up environment variables and share with team members requiring DB access (**Ishaan**)

Soft Deadline for completed work is Sunday Night/Monday morning
